## You asked, we listened!

Our new EV FAQs are here to answer your most common questions about electric vehicles, from charging options and running costs to battery life and environmental benefits. Whether you're curious about home charging, the OU's workplace scheme, or how EVs stack up against petrol cars. Check out the full FAQs [here](#).

## Halfords is now part of Cyclescheme

Alongside over 2,600 retailers, you can now shop at Halfords through Cyclescheme for a limited time! That means even more choice when it comes to bikes, e-bikes, and cycling gear, all with the same great Cyclescheme savings and tax-free benefits. Apply [here](#) Ends 31<sup>st</sup> December 2025. (Staff only)

## Improving Parking

We're making it easier to park on campus. Following your feedback, we're reducing the number of car share bays and converted them into standard parking spaces. This means more flexibility and improved access for everyone. Changes have been made, with signage removed across North, Inner West, Inner East, and East parking. While the church car park remains unchanged. Thank you for helping us make campus parking work better for you! [Click here for more info.](#)
